Great Minds

Student Internships 2012

The IBM Great Minds student internship competition provides you with the unique opportunity to work alongside world-class scientists in the **leading industrial IT research organization**.

The internships at IBM Research in Zurich, Switzerland, and Haifa, Israel, will last **between three and six months** and take place **in 2012** upon mutual agreement.

To participate in the competition, you must be nominated by one of your professors or a dean. You must submit a **current CV**, a short **position paper**, both in English, by **December 2, 2011.**

The program is open to all full-time students enrolled in a **Master's or PhD program** in computer science, electrical engineering, physics, software engineering, industrial engineering and service science at a recognized university or college in Central and Eastern Europe, Middle East and Africa.* Participants must be fluent in English in both written and spoken form.

"I've had the opportunity to look behind the scenes and meet with experienced and successful researchers. In fact, I had the opportunity to return to IBM Research – Zurich and pursue my PhD here."

Tomáš Tuma,
Charles University, Prague, now ETH Zurich
